

Elementary Program: Grades 1,3, 4 and 5

Discover! Finding Faith in Life, a brand new approach to children's faith formation, is here!

Filled with exciting, energetic learning that will get your kids out of their seats as they excitedly dive into the Bible and the teachings of the Church!

Our founder, Saint John Baptist de La Salle, believed that God's word is powerful in touching hearts. We still believe that today, which is why we've created a faith formation program that puts *The Catholic Children's Bible* at the center.

Each child receives their own *Discover! Kit*, containing everything they need for their exciting faith journey. Children will dive into Bible stories in their own *Catholic Children's Bible* to encounter Jesus through the stories and people of scripture. Then, they get out of their seats for a built-in energetic learning activity that helps build a meaningful lesson. Next, they connect the Bible story and hand-on activity with Catholic doctrine through age-appropriate prayers, puzzles, and challenges in their Activity Book. **Watch as they connect the dots and transform a learned faith into a joyfully lived faith! (Saint Mary's Press)**

This program will be fully digital at St. Michael's. Children and families will receive the learning packs and Bible to be used at home. They will also receive digital access to the learning programs. Programs are designed to be used by children at the appropriate grade levels with parental support. Catechists will be scheduling meetings on Google classroom to aid and support what the children are learning

Publisher: Saint Mary's Press

Fall and spring sessions

Digitally supported program with parents working with children at home

Catechists are assigned to each grade to assist children and parents
